

Everything in this museum has the Packard logo on them, including the plate under the coffee urn!!!

Packard Truck Meet

"You've never heard of a Packard truck? You've never seen a Packard truck? Well, they abound in York Springs, Pennsylvania. And if you ever get to the great Hershey Swap Meet in October, the Packard Truck Meet is the Sunday immediately after the swap. And the town is close by. Just get a note to Dave Lockard and he'll be glad to help you get there. Don't worry about the admission charge- it is equal to everyone:.....NOTHING.

James Hill."

These pictures and write-up were forwarded by James Hill from Kansas about the Packard Truck Meet at York Springs, PA. Thank you Jim for what looks like a very interesting place to visit!!Editor

Free truck rides by the man who puts on the show.
